Colleen Welsh  
Principal  
Lowell Elementary School

I just wanted to thank you for inviting the Lowell School Class of 1960 to the 2009 production of "Red Riding Hood." I was able to attend the Saturday afternoon performance and was blown away. The children did a fantastic job!!! I didn't know what to expect, but was thoroughly blown away to learn that the children had learned their parts in around 20 hours. I understand why you chose the Missoula Children's Theater. My husband also attended the performance and said, "I wouldn't mind giving again to the LES Class of 1960 Fund." Now that's high praise coming from a guy, and from someone who did not go to Lowell School. I know that the students will remember this experience for years to come. I know I remember our production of "Westward Ho" -- and we did it on the school stage, not at the Everett Civic Auditorium. I wanted to contribute to the Fund before, but now it makes me more motivated to continue giving, knowing that it's being used in such a wonderful way.

Sincerely,

Nancy Thompson Andes  
Class of 1960
